PUBLIC NOTICE

Smith Utility District is preparing to perform aggressive flushing of the distribution lines for **South Carthage, Lebanon Hwy, and Cookeville Hwy** during the nights of **November 15th through November 20th** between the hours of **9:00 pm and 5:00 am.** There will be low water pressure in these areas due to the high amount of flushing required. Some temporary air pockets and unwanted discoloration of the water may result.

Also, Smith Utility District has set up a Facebook page to alert district customers of water line maintenance that may affect water availability and pressure.

We appreciate your understanding and patience.
